Dear Samuel:

On July 17, 2019 the Antioch Police Department received your request for specific information regarding use of force incidents occurring in 2018 as well as information submitted on our MACR reports submitted to California Department of Justice for the years 2017 and 2018. This letter shall serve as the City's response pursuant to Government Code section 6253(c).

In reviewing your request, we have determined there may be public records that exist responsive to your request, but additional time is required to respond due to the need to compile data and consult other units of the department that have an interest in the determination of this request.

Once the above tasks have been completed, you will be notified no later than August 10, 2019 whether documentation will be provided in response to your request and if any cost will be due for receipt of records.

In the meantime, you may find the information you are requesting at the OpenJustice website for California statistical information located at <https://openjustice.doj.ca.gov/>.

The release of this information is made without any waiver to claim an exemption under the Public Records Act or to make any objection permitted by applicable law to any future request for this or any other document or information.

Sincerely,

TAMMANY BROOKS

Chief of Police
